Winter Speaker Series 2018: Picked, Packed and Shipped: Tomato Canning in the Chesapeake

Long before refrigeration made crabs the juggernaut of the summer canning season, the tomato was the warm-weather king of Chesapeake packing house — and the counterpart to the mighty wintertime oyster harvest. In this four-part series, participants will explore the fascinating ways that canning transformed the Chesapeake's industry, culture, community,

and agricultural landscape of the 19th and 20th centuries through lectures, objects, films, and community conversations. To register for this important series go to: <http://cbmm.org/learn/speaker-series/>

Support our School: January 26, 2018

Beyond the Book Swap @ Tilghman Post Office

For several years, a small group of volunteers have stocked the shelves in the Tilghman Post office with books you seem to enjoy. Now it is time to move beyond the present and plan for the future. Keep your eyes open for a short questionnaire coming soon asking what you Want beyond what we Have. Looking forward to your input.
