***Post Office Library Problem!***  
*An unfortunate incident happened this past weekend at our Tilghman "bring ONE take ONE" little free library. All the books that were placed on the bottom shelf of our fiction section of the library were removed. Fortunately, the community has donated more than enough books to replace those that are missing but the person who took approximately 40 titles from our fiction section has violated the spirit and purpose of our little free library. We can only hope that this was, in fact, a misunderstanding and will not happen again.*
