Did you know that ...

- Avalon Island was originally built in 1893 as a 1200-foot steamboat pier
- Shucking houses were built almost immediately on pilings along side the pier - their discarded oyster shells "grew" the island
- Multiple businesses and a Post Office were established on the island
- The Tilghman Packing Co. shipped fresh, frozen and canned fish, crabs, oysters, fruits and vegetables from the island until 1975
- Today, 130 years later, Avalon Island is a marina & clubhouse for community residents

The 2022 TWM Christmas Ornament is now for sale at the museum, Two if by Sea Cafe, 2 Vintage Chics, Fairbank Tackle and online at tilghmanmuseum.org. The ornament is a map of Tilghman with landmarks. Cost in \$ 25.00
