TWM SPEAKER SERIES FERRY COVE SHELLFISH OYSTER HATCHERY

On Saturday, January 21st at 4:30 PM the Tilghman Watermen's Museum will host Steven Weschler from the Ferry Cove Oyster Hatchery in Sherwood as the first speaker for the 2023 TWM Speaker Series.

Maryland's portion of the Chesapeake Bay was once the epicenter for oyster production in the United States but overtime, due to several factors, the industry has seen a dramatic decline in harvests from over 10 million of bushels annually to a few hundred thousand.

Through its hatchery and production facilities at Ferry Cove, the goal of Ferry Cove Shellfish is to facilitate the growth and long-term viability of the commercial shellfish industry. Using advanced hatchery production techniques including a recirculating aquaculture system (RAS) and biosecurity systems, coupled with its green building design and energy-efficient upgrades, Ferry Cove Shellfish will provide the industry with high-quality, low-cost larvae and seed.

Curious about what they do there? Steven's presentation will answer your questions! This is a free event, donations accepted!

The Tilghman Watermen's Museum is dedicated to the vision of celebrating, documenting, preserving and sharing the history, traditions, heritage, and culture of Tilghman Island.

The Sherwood Seminar's Jan. 19 meeting will feature Talbot County Manager, Clay Stamp and Chuck Callahan, County Council President.

This special meeting will be held at 11 a.m. at the Talbot County 911 Center, located at the corner of Port Street and the Easton Bypass, route 322.

Talbot County Manager, Clay Stamp, and Chuck Callahan, Talbot County Council President are the highest-ranking County authorities. They are both excited to be able to meet with community members and provide an overview on a number of current events related to our local government and welcome two-way informal interaction.

The plan is to discuss and update procedures and organization of the governance of our beloved County. This will be a very constructive discussion. Since we all live in the Bay Hundred area, located some distance from the Center of Talbot County, it is important that those who govern us understand our issues and concerns.

Please RSVP to: billnielsen1@yahoo.com, or call 908-202-2419. Possible lunch plans will be set up for those wish to attend following the meeting.
