Plein Air -Tilghman

hosted by the Tilghman Watermen's Museum was a great success. The weather was hot but it didn't stop the artists from painting scenes of our beautiful island. Palden Hamilton, an award winning Baltimore artist, was honored with the Artist Choice Award.

Thank you to all who attended and supported this event!

The Tilghman Volunteer Fire Company needs your help in raising funds to purchase a **Heart Monitor**. This is a crucial addition to our company due to the elementary school in our area and a drawbridge that has proven time after time to be unreliable. In addition, when the paid county ambulance stationed at our fire department gets dispatched for a call, there is no backup heart monitor available. We must wait for an ambulance from St. Michaels or, even as far away as Easton, to respond to get access to a heart monitor. Having our own heart monitor would **GREATLY benefit** our community. Please send your donations today to Tilghman Volunteer Fire Company, Heart Monitor Fund, P. O. Box 297, Tilghman, MD 21671. Our fire company is a 100% volunteer organization that relies on donations and revenue from fundraisers to help pay our day-to-day expenses. We are not like St. Michaels or Easton fire companies in that they receive funds from their towns. Thank you for your generosity and support!

Annual Watermen's Appreciation Day on Sunday, August 11, 2024 at Chesapeake Bay Maritime Museum. This day-long event is a joint fundraiser for the Talbot Watermen Association and the Chesapeake Bay Maritime Museum. As in the past, this year's program will feature a spirited boat docking contest, steamed crabs and other regional food, live music, beer, boat rides, silent auction, activities, and a Tilghman Watermen's Museum Exhibit!!

Thank you Tilghman Area Youth Association for a wonderful Independence Day Celebration!

The Jay Dee is a Chesapeake Bay log canoe, built in 1931, by John B. Harrison in Tilghman, Maryland. She is 35 feet 6 inches (10.82 m) long with a beam of 8 feet 6 inches (2.59 m), and built of five logs. She is one of the last 22 surviving traditional Chesapeake Bay racing log canoes that carry on a tradition of racing on the Eastern Shore of Maryland which has existed since the 1840s. She is located at St. Michaels, Talbot County, Maryland.

VISIT THE WATERMEN'S MUSEUM TO LEARN MORE ABOUT LOG CANOES!

The great picture round-up is under way for our **Tilghman Watermen's Museum 2025 Calendar**. Because we got so many great photos last year the 2024 calendar was a sell-out success. Hundreds of 2024 Calendars were printed and sold. Help us make the 2025 Calendar even better!

Here are some basic guidelines:

- Tall, skinny pictures and subjects are not as useful. Square or horizontally rectangular photos work better – pictures shaped like a TV screen. 'Landscape' is better than 'portrait'. 8 X 10 works well.
- Pictures of people and boats are especially helpful.
- Children and pets are also really good.
- Sunrises and sunsets come in by the dozens, so the competition in that area makes it tougher to get into the calendar.
- Fall and winter are useful because we don't get as many of those.
- Basically, the more 'Tilghman' a photo is, the more helpful it is. Tilghman people, boats, events, landmarks and buildings
- Phone pictures are OK. The bigger, the better.
- Pictures work better sent as attachments to an email.
- Please don't compress the photos or edit them.
- The photo deadline is September 1st.

Send your photos by replying to this message. The email is harpoon@atlanticbb.net Questions or suggestions? Use the above email to contact Mark Churchill. Thanks to all and get those pictures in!
