Tilghman Watermen's Museum

(TWM) attended the

Watermen's Appreciation Day on 11th August 2024 supporting Talbot County Watermen with our trailer displaying the associated marine engines. We had 175+ visitors who were given a tour and description of the antique engines. Visitors to our tent and trailer were given the history of the Tilghman Museum, a non profit organization, run by all volunteers including it's Board of Directors and Ambassadors. Congratulations to all the Boat Docking contestants and crew – Tilghman Island was well represented and made us proud. Peyton Reese was the youngest participant at age 10 and was given a trophy for coming in First Place in the Youth Division. The TWM is open Saturday's & Sunday's 10-3 pm through October 27, 2024.

Former Governor Larry Hogan visited the Tilghman Watermen's Museum Tuesday. Always a pleasure to share the rich history of our watermen's community!
 TWM is one of the top 5 Heritage Museums in the country according to the certification given to use from the Smithsonian Institute.
Visit the TWM Museum!

"Tilghman Island has such a unique and vibrant history that dates back over three centuries. Preserving this history is critical to ensuring the future of Tilghman Island is brighter than ever. This afternoon we stopped by the Tilghman Watermen's Museum to learn more about the ways different generations of watermen have overcome and adapted to changes in their industry, and the challenges they face ahead.

Thank you to President Chuck Powers and Linda for showing us around!"

**Talbot Watermen's Association
Hosts Former Governor Hogan**

On Tuesday, August 19, 2024, Former Governor and Senatorial Candidate, Larry Hogan joined Talbot Watermen Association president, Jeff Harrison, and Maryland Watermen Association vice president, Russell Dize, to hear the watermen's concerns and meet Tilghman Island Seafood Company's owner, Nick Hargrove. Nick has made much needed progress in eradicating blue catfish and restoring oysters to the Bay. The group toured Tilghman Island Seafood Company's spat-on-shell operation, two 100 year old oyster buy boats and the blue catfish processing plant. Special thanks to former DNR Secretary Jeannie Haddaway-Riccio for arranging the visit.

LAST CALL!

The great picture round-up is under way for our **Tilghman Watermen's Museum 2025 Calendar**. Because we got so many great photos last year the 2024 calendar was a sell-out success. Hundreds of 2024 Calendars were printed and sold. Help us make the 2025 Calendar even better!

Here are some basic guidelines:

- Tall, skinny pictures and subjects are not as useful. Square or horizontally rectangular photos work better – pictures shaped like a TV screen. 'Landscape' is better than 'portrait'. 8 X 10 works well.
- Pictures of people and boats are especially helpful.
- Children and pets are also really good.
- Sunrises and sunsets come in by the dozens, so the competition in that area makes it tougher to get into the calendar.
- Fall and winter are useful because we don't get as many of those.
- Basically, the more 'Tilghman' a photo is, the more helpful it is. Tilghman people, boats, events, landmarks and buildings
- Phone pictures are OK. The bigger, the better.
- Pictures work better sent as attachments to an email.
- Please don't compress the photos or edit them.
- The photo deadline is September 1st.

Send your photos by replying to this message. The email is harpoon@atlanticbb.net Questions or suggestions? Use the above email to contact Mark Churchill. Thanks to all and get those pictures in!
